My fellow Jaycees,

It's with a great deal of determination and commitment that I seek the presidency of our great organization. I look forward to working WITH you to make 1987-1988 a year that will make our members feel PROUD to be Alaska Jaycees.

We must search ourselves to bring forth new creativity, new imagination and innovation. If our organization isn't infused with continuing energy and enthusiasm how far can we go? Implementation of NEW ideas is so important in our quest. To make an impact in Alaska the time has come for Jaycees statewide to combine their efforts in a strong, unified voice.

I look at the office of Alaska Jaycee President as one which carries a large responsibility, with much hard work to be done. I'm committed to the task... and ask for your support.

Together "We're Going Places", there is no place we can't go!

Yours in Jaycees
